

Sharing the Latest News from the Clinic...

Nancy C. Lascheid RN, BSN

March 8, 1937 - August 22, 2022

Co-founder, Neighborhood Health Clinic

The Legacy Lives On... Nancy Lascheid's purposeful life was achieved through a vision she shared with her late husband, Dr. William P. Lascheid, to provide *Hope and Healing for Those in Need* at the Clinic, delivering quality healthcare to the underserved in our community. Their mission is now carried forward in their honor by our loyal supporters and volunteers.

Join us for a ***Celebration of Life, 1pm - 4pm, November 11, 2022***, in the Van Domelen Education and Wellness Building where we will gather to pay our respect and share memories of Nancy among our family and friends of Neighborhood Health Clinic.

The Clinic's **doors will be open at 1pm**, with the ***Tribute beginning at 2pm*** for all in the community who had the privilege to know of Nancy and who wish to participate in this joyful celebration of a life well-lived.

### **Patient Story - Carlos**

Seeking help and guidance in managing his chronic health issues, Carlos came to the Clinic over 15 years ago, shortly after having a major heart attack that nearly killed him. Now 57, and facing a family medical history that includes cancer, hypertension and coronary disease, Carlos knows he must make the effort to take good care of himself. He is also an optimist; after sharing details of his heart attack, stent placement, recovery, chronic hypertension and family history of cancer, he smiles and says, "Other than that, I'm healthy!"

He is optimistic because he knows the value of the quality medical care he receives at the Clinic is not available to him anywhere else. His health and well-being literally depend on Clinic services.

*"Everyone treats me so well, and the medicine I receive sustains my life. The quality of people and services here is the best. Thank you for helping me, and for helping everybody!"*
